6 Instagram-Worthy Bathrooms in NYC's Hottest New Buildings

January 22, 2020

by Hannah O'Brien

For these six newly built condominiums, a part of high-end living is the luxury of relaxation. What better place to relax and enjoy amenities, other than in a spa-like ensuite? Take a peek at these six Instagram-worthy bathrooms created by a handful of talented designers for some of the city's most captivating new residences.

77 Greenwich

Acclaimed [FXCollaborative](#) and the renowned [Deborah Berke Partners](#) teamed up to give residents at [77 Greenwich](#) the ultimate at-home oasis. The earthy, minimalistic design given to this master bath has a tranquil effect, making it feel like a sumptuous spa getaway. With a combination of iron, millwork, and marble, the layers in this space are a treat for the eyes.
